

# Multilingual Understanding: How Hedy Began Listening in Other Languages (October 2024)

The October 2024 update that added multilingual conversation understanding to Hedy. Hedy began processing meetings, lectures, and coaching calls in 14 languages directly — not just translating from English — building toward today's 30+ language support.

This post documents the October 2024 update that added multilingual conversation understanding to Hedy. For the current state of Hedy's multilingual support and the full list of 30+ supported languages, see [Hedy Multilingual Support in 2026 \(/post/13-new-languages-expanding-global-access-to-ai-meeting-support/\)](/post/13-new-languages-expanding-global-access-to-ai-meeting-support/).

We've got some exciting news that's going to make your multilingual meetings a whole lot brighter. Drum roll, please... Ø>ÝA

Hedy can now understand conversations in multiple languages! Ø<ß%øØ<ß Ø=Ýãþ

## What's the Big Deal?

Remember when Hedy was that cool friend who only spoke English? Well, now Hedy's like that polyglot pal who can hang with you at an international food festival and understand every conversation. Pretty neat, huh?

Here's the lineup of languages Hedy now understands:

- English (of course!)
- Spanish (¡Hola!)
- French (Bonjour!)
- German (Guten Tag!)
- Italian (Ciao!)
- Japanese (こんにちは!)
- Korean (안녕하세요!)
- Chinese (Mandarin) (你好!)
- Dutch (Hallo!)
- Polish (Cześć!)
- Portuguese (Olá!)
- Swedish (Hej!)
- Vietnamese (Xin chào!)
- Turkish (Merhaba!)

## How Does It Work?

It's super simple! Just hop into your Hedy settings, pick the language of your meeting or lecture, and voilà! Hedy will listen and analyze the conversation in that language. It's like having a universal translator and a genius assistant rolled into one adorable AI package.

## Who's Going to Love This?

- Globe-trotting business pros juggling calls with international teams
- Students braving lectures in different languages
- Anyone who's ever nodded along in a meeting while secretly wishing for subtitles

Maria, one of our awesome beta testers, shared her experience:

*"Using Hedy in my meetings with Japanese partners feels like having a secret weapon. I'm picking up on things I would've totally missed before. It's not quite mind-reading, but it's pretty close!"*

## What's Next on Hedy's Language Learning Journey?

We're not stopping here! Our team is already hitting the books (or should we say, training the algorithms?) to add even more languages to Hedy's repertoire. Our goal? To make Hedy the ultimate polyglot AI assistant. World domination? Nah, just world conversation!

## Ready to Take Hedy on a Multilingual Adventure?

Here's how to get started:

1. Update your Hedy app to version 1.6 (you know you want those shiny new features!)
2. Head to Settings and choose your meeting's language
3. Start your meeting and watch Hedy work its magic

Remember, Hedy's here to make every voice heard and every idea count, no matter what language it's wrapped in. So go ahead, jump into that international video call or attend that foreign language lecture. With Hedy by your side, you're ready to shine in any language!

Got any cool stories about using Hedy in your multilingual adventures? We'd love to hear them! Drop us a line or share your experience on social media. Let's spread the word (in multiple languages, of course) about Hedy's new superpower!

Stay bright, stay multilingual! Ø<ß Ø<ß
